Children's farm Guide

We are absolutely overjoyed that we can continue to be on hand for our youngest guests. In keeping with the great responsibility we feel, we will do everything we can to ensure that they are as safe as possible in every respect at all times and we look forward to spending a wonderful time together!

We have put together a guide so that we can safely enjoy each other's company at the children's farm:

- We are here for you every day from 9.30 a.m. to 5.00 p.m., by appointment only (children over the age of 3)! We meet at the Children's farm. The childcare provided will be of the same high quality as before.
- Children between 1 and 3 years of age will be cared for as part of the crèche by appointment only every day from 2.00 p.m. to 5.00 p.m., also at the children's farm. Please note that, we can only supervise a limited number of children here too.
- Please bring your own buggy, diaper bags and bottle for the daycare at the crèche. You are welcome to borrow strollers and buggies free of charge from our Concierge.
- In the current situation, parents are not allowed to enter the house of the children's farm. Your children will be given a warm welcome by one of our teachers. Parents are very welcome at the Children's farm playground.
- The general social distancing rule (1 metre "Stangl calf" distance) usually applies. To ensure that this can be adhered to, we will, until further notice, be supervising only a limited number of children.
- This makes it all the more important to register your child beforehand when making your room reservation or on the day itself at the Children's farm, in good time for the next day. To optimise our planning for you, it is essential to know exactly how long your child is going to stay with us at the Children's farm.

At 12.30 p.m., the Children's lunch will be served as usual in our hotel restaurant by appointment only. Please understand that in light of recent events, neither parents nor siblings who are not simultaneously being cared for may be present until further notice.
- The registration for Children's dinner and evening supervision is necessary. The times for the evening activities can change between 7.30 p.m. and 8 p.m.
- Our facilities are regularly disinfected and aired. Sanitiser will be provided.
